

The high academic standards at Counterpoint Academy™ meet or exceed the requirements of the Ontario Ministry of Education Curriculum. Our structured learning milieu reflects the teaching environment and standards of quality Canadian and International Schools. Integrated into the Counterpoint Academy™ programme of study are exemplary materials from Canada and around the world. Counterpoint Academy™ maintains a low student to teacher ratio, often provides 2 teachers per class, hires teacher specialists, and has small class sizes to achieve our goal:

To foster well-rounded, confident students who feel pride in their personal and academic achievements, have respect for others, and who develop a genuine love of learning.

Primary (Junior Kindergarten – Grade 2)

At the primary level, the goal is to offer children rich language experiences that result in strong literacy skills, thus establishing a broad academic foundation that will lead into the Junior years.
